

## EXCITING CAREER OPPORTUNITIES WITH CALIBER TECHNOLOGIES PROVIDING SOLUTIONS FOR PHARMA AND BIOTECH INDUSTRIES

**Caliber Technologies Pvt. Ltd. is a company formed in Aug 2001 with a focus on solutions for Pharma and biotech industries. Caliber's core competency lies in building solutions for Pharma and laboratory activities and solutions for international quality standards and regulatory norms like GLP, FDA, and GAMP. We have developed a portfolio of competencies out of this core competency.**

The company's flagship product CaliberLIMS® is designed using cutting edge technologies to help the Pharma/ biotech companies to comply to the stringent international regulatory norms like Electronic Signatures and Electronic Records (21CFR PART 11), GAMP etc. Implementation of CaliberLIMS® would reduce the risk of regulatory non-conformance. It is thus an Enterprise Quality Management tool for the regulated industry.

Apart from its flagship product CaliberLIMS®, Caliber offers other software solutions for the regulated industries with a suite of products such as Caliber Stability, Caliber TRIMS, Caliber EM and Caliber CLAPS. It also has other products in the pipeline like Caliber CLINSTAR (Clinical Trials LIMS), Caliber eDox (Document Management System) and Caliber CAPA. The Company's products are innovative, highly configurable, integrate well with SAP etc., and are user friendly.
