

## WE ARE HIRING

### Internship Cum Job Opportunities

Looking to hire enthusiastic talent and quick learners who could take up challenges

**Walkover is an Indian product-based Information Technology company, headquartered in Indore and strives to better our own products.**

- We are coders, designers, writers, gamers, brainstormers, debaters, coffee aficionados, and most importantly, DOERS.
- Some of our existing products are MSG91, Giddh, Via Socket and Space.
- We are inspired by the fact that we are a source of inspiration for many companies in our part of the world, for the design & use of the technology.
- Our vision is to build meaningful products that make business processes intuitive while conducting ourselves in an environmentally sustainable manner.
- We also give enough space to our people to solve a new problem that they identify which is worth solving to devote a certain amount of their time in that as well. So, in a way, we have our own in-house incubation center.
- Walkover welcomes budding programmer who has a passion for computer programming, technology and who intend to build a career for themselves as technologists in Software Application Technologies.

**We are hiring "Interns" for the position of "Software Trainee Engineer" who will work in our Product Development Department.**

We have 4 products, it would depend on their preference and our requirement, which product do we move them to.

#### Responsibilities:

- Understanding and analysing project requirements and translating them into specifications and programming deliverables.
- Assist Software Engineering team with understanding product requirements, strategy, implementing the technical architecture, creating prototypes & management of the full product lifecycle from ideation to roll out.
- Working closely with lead/analysts, designers and domain experts to enhance existing applications as well as build new applications.
- Testing and debugging the product in controlled, real situations.
- Maintaining the systems and updating as per requirements

**Vacancies:** Limited (Strictly depends on the quality of the candidates fulfilling our recruitment parameters)

**Job location:** Indore (Remote till further notice / as per the situation in January 2022)
