

Flutter Developer at Squareboat

Job Description

We are looking for Flutter Developers responsible for developing cross-platform mobile applications.

Work Details

- Building modern and cross platform mobile applications using Flutter.
- Collaborating with the Planning and Design teams to bring ideas to life.
- Performing app profiling and improving performance.
- Improving code quality through code reviews.
- Developing new features, maintaining code, and fixing/debugging issues.

You need to have:

- One or more published Flutter apps on the App Store / Play Store.
- Good understanding of Flutter and Dart.
- Beginner to intermediate level knowledge of Java, Kotlin or Swift.
- Good understanding of code versioning tools such as Git etc.
- Willingness to learn about new technologies and trends in mobile.
- Familiarity with cloud message APIs and push notifications.
- Working knowledge of Reactive programming is a plus.
- Working knowledge of the general mobile landscape, architectures, trends, and emerging technologies.
- Bachelor's degree in Computer Science or related field, or equivalent professional experience.
- Experience working with agile teams and making rapid decisions in a dynamic and disruptive environment.
- Strong communication skills.

Benefits

- Working with the latest technologies in an early-stage product startup, with plenty of opportunities to learn
- You will work directly under the mentorship of other senior designers/developers and the startup's founders.

Perks:

- Macbook - The world's best laptops + 22 inch LED Monitors for everyone
- Office Parties -We celebrate everything from birthdays to work anniversaries and success stories!
- Gaming Zone - Playstation, Table Tennis and plenty of more games to relax and have fun
- Annual Trips - Once a year, we forget everything and travel like there's no tomorrow.
- Hackathons - Annual 24 Hour Hackathons with some great ideas and prizes!
- Weekly Tech Talks- Knowledge is the only thing that grows when it's shared.
