

Job Description

We're looking for someone who can take direction from written or spoken ideas and convert them seamlessly into interactive layouts. We aim to delight users with a simple and functional design. If you're a strong creative thinker, constantly curious, and can't stand users having anything less than a stellar experience, we want to hear from you!

What you'll do:

- UI Design for Web and Mobile
- User Flows
- Storyboards & Storytelling
- Sitemaps
- Wireframes
- Conceptualization
- Data/Market Research
- Target Audience / Personas
- User Requirements

We are looking for people who have:

- An outstanding portfolio, showcasing a foundation in interaction, visual design, Color theory , typography and ideation
- Experience designing digital products and systems, not just websites. You have helped build products.
- Hands-on experience with design software like Sketch, Illustrator, Photoshop,Corel Draw etc.

Skills Needed

Web Design, Graphic Design, User Experience Design, UI/UX Design, Adobe Photoshop, Sketch

Perks:

- Macbook - The world's best laptops + 22 inch LED Monitors for everyone
- Office Parties -We celebrate everything from birthdays to work anniversaries and success stories!
- Gaming Zone - Playstation, Table Tennis and plenty of more games to relax and have fun
- Annual Trips - Once a year, we forget everything and travel like there's no tomorrow.
- Hackathons - Annual 24 Hour Hackathons with some great ideas and prizes!
- Weekly Tech Talks- Knowledge is the only thing that grows when it's shared.
