

## About us:

### Consat Orahi

Consat Orahi is engaged with multiple European customers.

We are EV charging Management, Smart Agriculture, Smart Homes and Healthcare segments.

With the joint venture, we ensure a stable access to expertise that consolidates the company's position as one of the leading engineering companies in Sweden. This merger guarantees complete deliveries to the market with both security and cutting-edge expertise even in large, development heavy projects. Chance to work on futuristic technology.
