SLATO: Content Creation

For School Students:

We provide **demography specific** e-learning contents for **government** schools and **NGOs**. We focus on Science, English, Mathematics combined with soft skills for school going students. We make the contents attractive and engaging so that it develops a sustained interest in students.

প্রাণী এবং গাছপালায়
শ্রেণিবিন্যাস

Similarities between Animals

পশুদের মধ্যে অনেক মিল থাকে। Zebra, Giraffe আর Deer-এর মধ্যে কি কি মিল আছে জানো? এরা সবাই গাছ পাতা ঘাস খায়। এদের Plant eaters বলে মানে Herbivores।

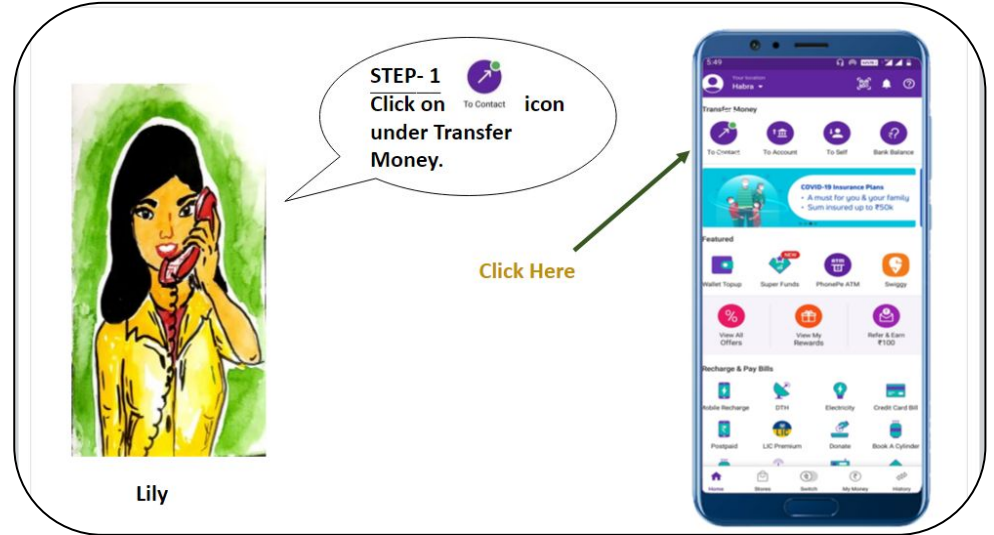

SLATO: Content Creation

For Rural Youths:

Financial Literacy:

We create local language specific content that includes **digital financial scenario based stories**, videos, comic strips, and **hands on** interactive contents for practice. The contents are made in simple language suited for rural people.
