

“Enhancing quality of life and bringing happiness with sustainability”

Bajaj Electricals Limited, a globally renowned and trusted company with a turnover of INR 4,813 crores (FY 21-22), is a part of India's leading business conglomerate the Bajaj Group. Its business portfolio spans Consumer Products (Appliances, Fans, Cookware), Lighting (Consumer and Professional Lighting), and EPC (Power Transmission and Distribution). Bajaj Electricals is a front-runner in the industry with its key brand offerings comprising BAJAJ, Morphy Richards, and Nirlep.

The company has an expansive network of 18 branch offices, 600+ distributors, and more than 2.3 lakh retail outlets across India, combined with over 500 consumer care centres, fortifying its dominant presence in the consumer products sector.

Under their Lighting business, they offer a wide range of innovative LED lamps and fixtures including panels and battens to consumers and are known for their prowess in street lighting, sports lighting, industrial commercial and infrastructural lighting, and undertaking specialised illumination projects on a turnkey basis amongst other solutions.

Their portfolio under the EPC segment includes EHV transmission line projects, EHV substations, monopoles for transmission and distribution, and electrification projects amongst other solutions.
