Contents

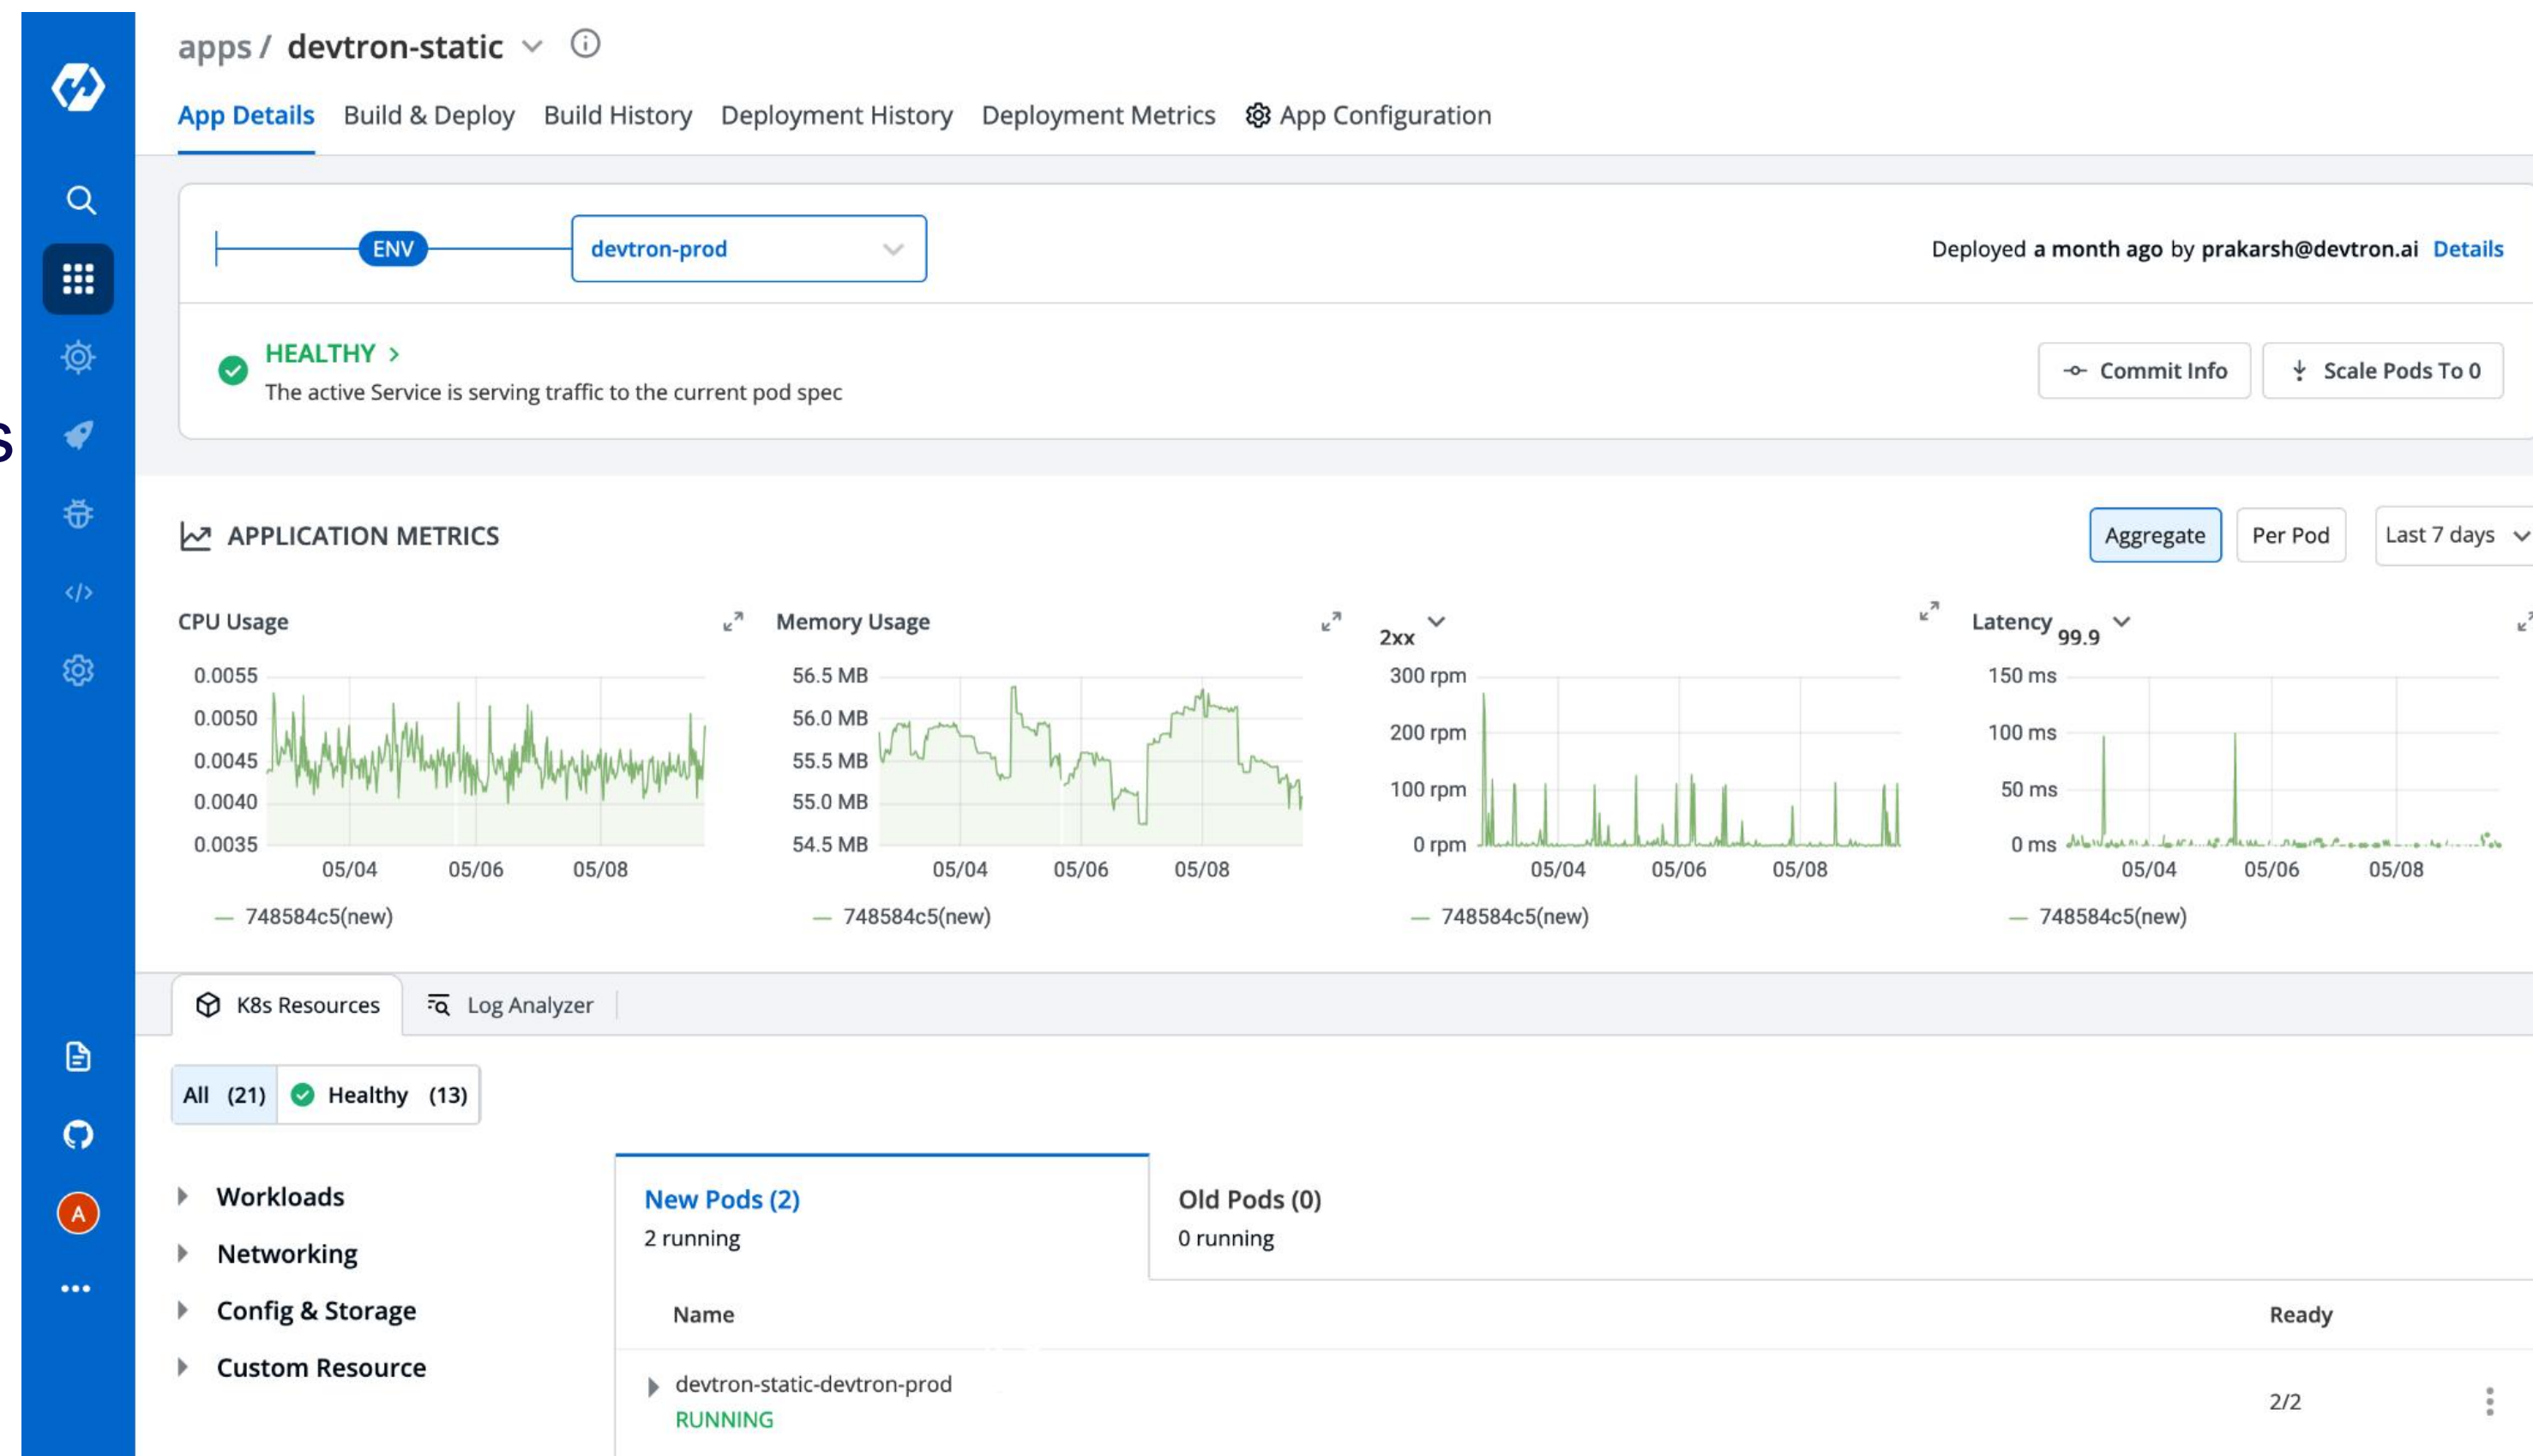

- 
- A decorative graphic on the left side of the slide. It features a large circle with a hatched pattern in shades of blue and green, partially overlapping a solid blue circle on the right. A thin white line curves around the bottom of the hatched circle, ending in a small white dot. A vertical white line is positioned to the right of the hatched circle, separating it from the table of contents.

Devtron - An Opensource Tool Integration platform for Kubernetes

We are a community-first company that develops Open Source DevOps platform for Kubernetes

Devtron is an Opensource Tool integration platform for Kubernetes. Devtron packages **DevOps in a Box** to Supercharge productivity of devops and developers with minimal domain expertise.

- **Single Interface** for End-to-End Software Delivery.
- **Plug n Play** - Separate installable modules for CI/CD, Security, Monitoring, GitOps and more.
- **Out of the Box** support for DORA Metrics, Helm management, Cost Optimization, Access Management, Debugging & Observability.
- **No Lock-in** - Ease of migration into/out of Devtron
