

Exciting & rewarding career opportunities for female candidates with Tega Industries, a global leader in the field of designing and manufacturing of critical consumables for the mineral processing, mining and material handling industries.

Tega is a global leader in designing and manufacturing of 'critical-to-operate' consumables for the mining, mineral processing and material handling industries. The company founded by Mr. Madan Mohan Mohanka in 1976 is a multinational corporation headquartered in Kolkata, India.

Our manufacturing hubs located across India, Australia, Chile and South Africa help us deliver on quality and trust. Since our inception in 1976, we have significantly expanded our product portfolio and industry footprint through constant focus on R&D, customer centricity and quality. Today, we are recognized as one of the largest producers of polymer-based mill liners in the world and a strong force to reckon with in the field of specialized wear protection, conveyor components, screens, trommels and hydrocyclones. True to our motto "Partnerships In Practice", the partnerships we have nurtured over the decades are key to our existence. We owe our success to our 700+ customers from 70+ countries, our employees, our investors and community leaders.

We empower the global mining, mineral processing and material handling industries with world-class consumables. Our 'critical-to-operate' products and associated services help to solve complex challenges for the industries we serve. Our offering covers applications across the following sectors: Chutes, Grinding Mill Liners, Screens and Trommels, Hydrocyclones, Wear Products, Conveyor Components. The Company endorses the highest standards of systems and processes.

The shares of the company are listed in National Stock Exchange (NSE) and Bombay Stock Exchange (BSE) of India.

Our group companies include:

- **HOSCH:** Established in 1991, Hosch equipment India Ltd, is a joint venture company promoted by Tega & Hosch (G.B) Ltd, specializes in manufacturing of conveyor belt cleaning systems.
- **LOSUGEN:** In January 2011 Tega acquired a 100% stake in Losugen Pty Ltd. Losugen Australia is a Perth based engineering company specializing in the design, manufacture installation, wear monitoring and maintenance of wear liners, Trommel screens, for mining & material handling industries.
- **Tega Industries Chile SPA:** In February 2011 Tega Industries acquired 100% stake in Acotec S.A. Later renamed as Tega Industries Chile SPA, the company provides products and solutions for abrasion and fluid transportation systems in the lining industry.
- **Tega Industries Africa Pty Ltd:** In South Africa, Tega acquired the specialist Industrial rubber manufacturing company Beruc Equipment in 2006. The industrial division manufactures products ranging from application, specific mouldings, diaphragms, springs, bellows, and seals.
- **Tega McNally Minerals Limited (TMML):** TMML is another notable subsidiary of Tega Industries Limited. TMML, established in India, is a renowned engineering company with a rich history and expertise in the design, manufacture, and supply of a wide range of equipment for various industries. With a strong emphasis on innovation and quality, TMML offers comprehensive solutions in areas such as mineral processing, bulk material handling, crushing, screening, and recycling.
