

Job Title: Software Engineering Trainee - Software Development

VIS Networks is a leading customer experience management company, headquartered out of Bengaluru and having its software development team in Bhubaneswar. VIS is actively seeking dynamic and talented BTech and MCA freshers to join the team as Software Engineering Trainees. We are committed to providing a challenging and rewarding environment that fosters professional growth and innovation.

Location: Bhubaneswar

Job Type: Full-Time

Educational Qualifications:

BTech or MCA graduates

Responsibilities:

1. Collaborate with the development team to understand project requirements and contribute to the design and development of software applications.
2. Work closely with senior developers and project managers to deliver high-quality code within specified timelines.
3. Debug, troubleshoot, and resolve software defects to ensure smooth project delivery.
4. Stay abreast of industry trends, best practices, and emerging technologies to enhance technical skills and contribute to continuous improvement.
5. Participate in team meetings, brainstorming sessions, and knowledge-sharing activities to foster a collaborative and innovative work culture.
6. Document code changes, development processes, and project specifications.

Requirements:

1. Bachelor's degree (BTech) or Master's degree (MCA) in Computer Science, Information Technology, or a related field.
2. Strong understanding of programming languages such as Java, Python, C++, or similar.
3. Knowledge of web development technologies (HTML, CSS, JavaScript) is a plus.
4. Excellent problem-solving and analytical skills.
5. Strong communication and interpersonal skills.
6. Ability to work effectively both independently and as part of a team.
7. Eagerness to learn and adapt to new technologies.

Benefits:

Competitive salary, in the range of 2.4 – 3 lacs per annum, and performance-based incentives.
