

Title: Frontend Developer

Company: IG Drones

Location: Bhubaneswar, India

Internship Duration: 3-6 Months (Full-time Employment upon successful completion of all criteria)

About IG Drones:

Founded with an aim to provide enterprise drone solutions PAN India and revolutionize the conventional industrial methods using highly efficient drones, IG Drones is a name that has set new benchmarks in the drone industry. A vertically integrated organization with inhouse R&D, Manufacturing, Software & training operations, IG Drones delivers world class end-to-end solutions for an array of drone requirements in Powerline, Infrastructure, Renewables, Mining, Railway, River Mapping, Agriculture, Industrial, Forest Survey & other enterprise sectors.

Position Overview:

We are seeking a passionate and talented Frontend Developer to join our team for a 3-6 months internship program. As a Frontend Developer at IG Drones, you will have the opportunity to work closely with our design and development teams to create intuitive and visually appealing web interfaces for our drone control software and accompanying applications.

Responsibilities:

- Collaborate with product managers, UX/UI designers, and other stakeholders to understand project requirements and user needs.
- Develop responsive and dynamic web interfaces using HTML, CSS, and JavaScript frameworks.
- Ensure seamless user experiences and intuitive navigation through well-crafted frontend code.
- Optimize web applications for maximum speed and scalability.
- Conduct code reviews and ensure adherence to coding standards and best practices.
- Debug and troubleshoot frontend issues, ensuring timely resolution.

Requirements:

- Pursuing a degree in Computer Science, Web Development, or a related field.
- Proficiency in HTML, CSS, and JavaScript.
- Experience with frontend frameworks and libraries such as React, or Next.js.
- Strong understanding of responsive design principles and best practices.
- Excellent problem-solving skills and attention to detail.
- Ability to work independently and manage multiple tasks in a fast-paced environment.
- Portfolio showcasing previous frontend development projects is highly desirable.

Perks and Benefits:

- Opportunity to work with a dynamic and talented team in a rapidly growing industry.
- Hands-on experience developing real-world web applications.
- Mentorship from experienced professionals in the field of frontend development.
- Flexible work hours and a supportive work environment.
- Opportunity for full-time employment upon successful completion of the internship and fulfilment of all criteria.

How to Apply:

Interested candidates are encouraged to send their resume and portfolio to hr@igdrones.com. Please include a brief cover letter highlighting your interest in the position and relevant experience.

Join us at IG Drones and be part of shaping the future of drone technology with your creativity and passion for UI/UX design!
