

## Career Opportunities with Meditab,

**Leader in Healthcare Automation technology,** developing & supporting award-winning & certified EHR, Practice Management & Document Imaging systems.

Our core EHR platform, Intelligent Medical Software (IMS), brings together EHR, practice management, billing, and office management into one, seamless system.

### About Meditab Group of Companies: (Brief Introduction)

At Meditab, we design innovative healthcare IT solutions that simplify how clinics, pharmacies, and providers work—making care more efficient, connected, and patient-centric. From telemedicine platforms to specialty EMRs and pharmacy automation tools, we build the systems that keep healthcare moving. With over two decades of experience and a global presence—including a major development hub in Ahmedabad—we blend deep domain expertise with agile innovation. Whether it's optimizing patient workflows, ensuring regulatory compliance, or enabling seamless virtual care, Meditab is redefining what technology can do for healthcare.
